27 February 1950

Meeting held at 1100, 27 Feb 1950, in the office of Mr. George G. Cary at which the MIS petroleum program was discussed.

1. The following persons attended: 25X1A9a

2. A copy of the attached memorandum written by was circulated.

- 3. It was agreed that:
- a) The Munitions Board Petroleum Committee (MEPC) should be persuaded, if pessible, in connection with the HIS program
- 1 To request OCD aid in exploiting all Washington sources of information.
- 2 To request 00 through 00D to obtain any additional information required from non-governmental sources (principally oil companies).

- b) OCD would write a letter to MRPC requesting a meeting at which MRPC would be told about CIA services and, if possible, "sold" on a) above.

 to be a member of the CIA group meeting with MRPC.
- 4. If MBPC agreed in principle to 3. a) above:
- a) OCD would obtain NEPC's outline for the MIS petroleum supplement, and with it as a guide begin to canvas Washington sources so as to ascertain what was available, where.
- b) QCD would next obtain specific requirements for each NIS area some time before MEPC started production, so as to supply MEPS with all desired information from whatever source.
- 5. The writer agreed with the feregoing, but pointed out that as MRPC would be held to a tight schedule of production, OCD's assistance should be rendered so as to assure whatever information was needed within ample time.
